

Habib Bank AG Zurich

Information regarding the Swiss deposit insurance scheme esisuisse

Dear Valued Customers

Your deposits are protected under the deposit insurance esisuisse.

Like any bank and any securities firm in Switzerland, Habib Bank AG Zurich is required to sign the Self-regulation "Agreement between esisuisse and its members". This means clients' deposits are protected up to a maximum of CHF 100,000 per client. Medium-term notes held in the name of the bearer at the issuing bank are also considered deposits. Depositor protection in Switzerland is provided by esisuisse, and the depositor protection system is explained in detail at <https://www.esisuisse.ch/en>.
